

# REVEL REUSE

**OCT. 4<sup>TH</sup>, 2025 | 6:30 - 9:30 PM | ELECTRIC OWL STUDIOS**

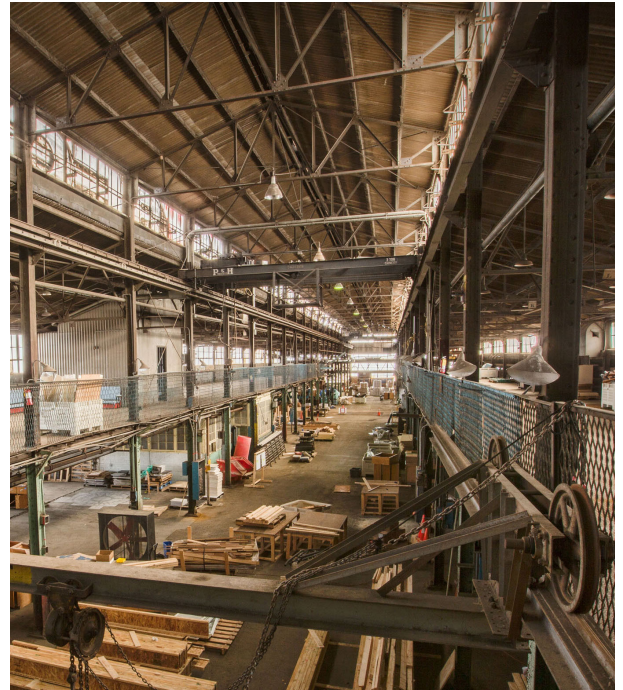

Join Lifecycle Building Center on **October 4<sup>th</sup>, 2025 from 6:30-9:30pm** for **Revel in Reuse** our annual fundraiser to support and celebrate LBC's efforts to build more resilient and sustainable communities through the reuse of construction materials.

This year's event will be held at Electric Owl Studios, the world's first purpose-built **LEED Gold Certified film & TV studio**. Our partnership with Electric Owl for this event builds on LBC's longtime collaboration with Georgia's film industry to **save and reuse over 800,000 pounds of usable materials from 180+ film productions**. With support from Bin There Dump That, Department of Energy, Electric Owl, Georgia Tech, Kronberg Urbanists + Architects, Oak Ridge National Laboratory and Urban Evolutions, LBC has launched a new initiative to **remanufacture salvaged lumber from film sets into new construction products for affordable housing**.

MORE ABOUT THE

Since 2011, **LBC** has saved **12.9 million pounds of usable building materials from disposal** and **generated over \$6.2M in community savings** by providing access to deeply discounted reclaimed building materials and donating free materials to nonprofits locally and nationally, with **460+ in-kind material grants awarded to over 370+ nonprofits** to date through its Nonprofit Material MATCH program.
